

## OUR PRODUCT

### Floating Surface Adjustable Bracket (FSAB)

FSAB is designed to be the most reliable bracket for countertop overhangs in the marketplace. By using patented active pressure technology, FSAB is able to create upward momentum that provides constant support for countertops, leaving homeowners with peace of mind and a stunning counter overhang design.

FSAB's competitive price makes it an inexpensive alternative to designs that require external support or corbels. Quick and easy installation also allows even novice DIYers to achieve the floating countertop look, but with the added strength and support that only FSAB can provide.

Industry-Leading Brackets for Countertop  
Overhangs that Give You Peace of Mind  
with a Beautiful Design

## THE BEST COUNTERTOP BRACKETS ON THE MARKET

### OUR PHILOSOPHY

We believe in designing products with exemplary form and function. We also believe that the highest quality products are made right here in the USA. Our diverse workforce constantly brings new ideas and innovations to the table that work their way into our final products.

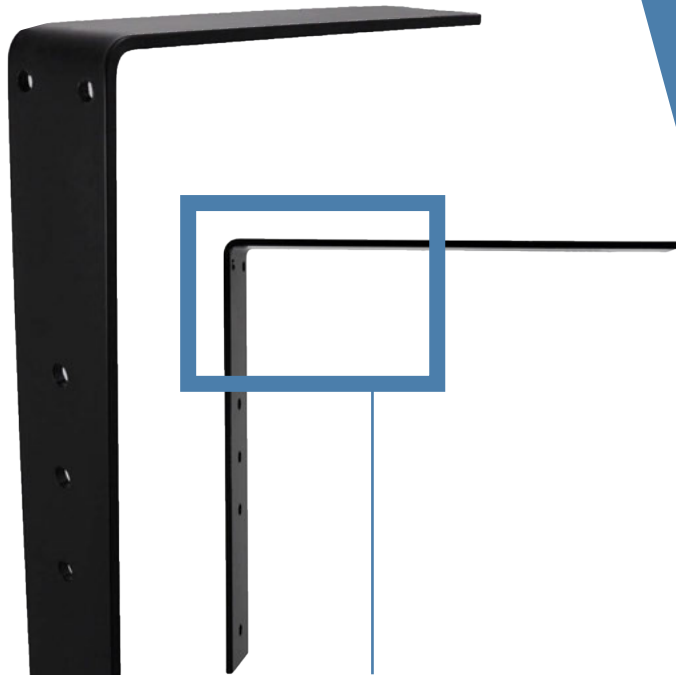

FSAB is a fully patented product unlike anything else currently available. Its level of strength and durability are matched only by its meticulously crafted design and simplicity.

#### Key Features

- Provides revolutionary support by creating constant upward active force on the countertop surface
- Virtually invisible design creates the stunning effect of a true floating countertop
- Eliminates the need for additional supports, allowing for maximum legroom
- Installation is easy enough for all DIY levels and requires no shimming
- Inexpensive alternative to corbels and external supports
- Available in five different sizes for overhangs up to 18 inches in length
- 100% made in the USA

### WHO WE ARE

Steel Design Solutions is dedicated to finding new and innovative solutions for beautiful countertop overhangs that are both safe and affordable. Our products are always 100% made in the USA and are designed to add strength and support to countertop remodeling projects.
